

AUTHENTICITY – THE REAL POWER OF THE LEADER

OVERVIEW

The aim of this module is to help you get in touch with your true power as a leader, a power of which you may not have been sufficiently aware. The module will put you in touch with that power and it will invite you to make the most of that power and so add enormously to your effectiveness as a leader. It also invites you to take responsibility for whatever situation you are in as a leader or influencer and so do justice to that situation and to yourself as a leader and human being.

Here you will learn the great power that comes from always being true to yourself, and equally, always being true to your reality, your situation, your people and your organisation.

You will learn how this is always possible and experience how wonderfully rewarding it is in all kinds of ways.

OBJETIVES

1. To better understand your role as 'Leader' and how it is fundamentally different from and much richer than that of 'Manager'.
2. To invite and help you do real justice to your particular reality or situation and to yourself as a rich, creative human being.
3. To transform your sense of power as a Leader and person by helping you to discover new levels of creativity and greatness in yourself.
4. To find and learn ways of realising the opportunity hidden but present in every situation in which you find yourself and so take greater responsibility for these situations.
5. To get in touch with your own personal dynamics and drivers so that you understand yourself better and are able to better understand others.
